

CabMark Cab-on

Wire markers on stick

Features

CabMark Cab-on – Very flexible wire markers for small up to bigger sizes. Where few characters are needed this is a recommendable solution – it is fast, simple and easy to use. Place the stick on the wire, press the sign forward down to the wire with your thumb – now it's placed perfect.

UL94 - UL74A - IEC60695-11-10
